

Accn No. Status	Title Details
11796	A New approach to differential geometry using clifford's geometric algebra / Snygg, John. : Birkhauser
11832	The arithmetic of dynamical systems / Silverman, Joseph H. : Springer
E848	Banglay ganoandaloner chhay dashak Vol.1 / Chowdhuri, Kamal. : Patra Bharati
E849	Banglay ganoandaloner chhay dashak Vol.2 / Chowdhuri, Kamal. : Patra Bharati
E854	Bharater sambadpatra o sambadikatar itihās / Pal, Tarapada. : Patra Bharati
11695	Characterization of materials / Kaufmann, Elton N. : Wiley, 2 nd ed. vol 1
11696	" vol 2
11697	" vol 3
11799	Classical mechanics with mathematica / Romano, Antonio. : Birkhauser
11713	Colloids and the depletion interaction / Lekkerkerker, Henk N W. : Springer
11771	Computational methods in finance / Hirsā, Ali. : CRC
11423	Computational methods for electromagnetic phenomena / Cai, Wei. : CUP
11426	Crystallography: an introduction / Borchardt-Ott, Walter. : Springer
11482	The family and the nation / Mahāpragya, Acharya. : Harper Collins
11779	Geometric etudes in combinatorial mathematics / Soifer, Alexander. : Springer
11811	How Einstein created relativity out of physics and astronomy / Topper, David R. : Springer
11481	India 2020 : A vision for the new millenium / Kalam, A P J Abdul. : Penguin
11355	India today: an encyclopedia of life in the republic

- / Kaminsk, Arnold P. : ABC Clio, vol 1
- 11356 India today: an encyclopedia of life in the republic
/ Kaminsk, Arnold P. : ABC Clio, vol 2
- 11411 An introduction to celestial mechanics / Fitzpatrick,
Richard. : CUP
- 11740 Jacobi dynamics : A unified theory with applications
to geophysics celestial mechanics astrophysics and
cosmology / Ferronsky, V I. : Springer
- E929 Jangal mahal / Guha, Buddhadev. : Deys
- 11831 The mathematical legacy of srinivasa ramanujan
/ Murty, M Ram. : Springer
- E1168 A midsummer nights dream / Shakespeare, William. : OUP
- 11841 The Molecules of life: physical and chemical principles
/ Kuriyan, John. : Garland Science
- 11453 Novel methods to study interfacial layers / Mobius D.
: Elsevier
- 11747 Physics of nanostructured solid state physics
/ Bandyopadhyay, Supriyo. : Springer
- 11471 The Power and beauty of electromagnetic fields
/ Morgenthaler, Fredric R. : John Wiley
- 11370 Problems and solutions for groups lie groups lie
algebras with applications / Steeb, Willi Hans.
: World Scientific
- 11785 Problems in structural inorganic chemistry / Li, Wai
Kee. : OUP
- 11463 Quantum teleportation and entanglement / Furusawa,
Akira. : Wiley VCH
- 11819 Ramanujan's lost notebook : Part III / Andrews, George
E. : Springer
- 11472 The Science of astrobiology / Chela-Flores, Julian.
: Springer
- 11466 Sensors and signal conditions / Pallas. Ramin. : 2013
- 11821 Six short chapters on automorphic forms and L-functions
/ Dou, Ze Li. : Springer
- 11625 Solving ordinary differential equations II: stiff and
differential algebraic problems / Hairer, E. : Springer

- 11480 Spirit of india : Reflecting the concerns aspirations
and dreams of the indian youth / Kalam, A P J Abdul.
: Rajpal
- 11844 Tutorials in complex photonic media / Noginov, Mikhail
A. : SPIE
- 11845 Valency and bonding: a natural bond orbital donar-
acceptor perspective / Weinhold, Frank. : CUP
